

SKILLS

- Proficient in JavaScript, HTML, CSS, React.js, Node.js, Redux, Git, Bootstrap, NextJs, NodeJs, MongoDB, Express, MySQL, MongoDB Atlas, Gatsby, Flutter, ThreeJs, RestApi, GraphQL, Reactstrap, Material UI, ChakraUI, ChartJs, Tailwind CSS, Nodemailer, Sequelize, Responsive Design, UI/UX Design Principles, Agile Development Methodology, Jasmine, WebDriver.
- **Tools:** Visual Studio Code, Codepen, GitHub, Git, Netlify, AndroidStudio, Emulator, Postman, Postgres, Ms Excel, and other office tools.
- **Strong Interpersonal Skills:** Leadership, Teamwork, Problem-Solving, Communication, Decision making.

WORK EXPERIENCE

- **Software Developer - Itera Solutions - USHJA**
Developed and maintained Full Stack MERN web application. Implemented responsive designs and optimized user interfaces to ensure a seamless user experience across various devices. Participated in regular scrum meetings and agile development processes to improve team efficiency and project delivery timelines.
Utilized Git for version control and code repository management, ensured a streamlined and collaborative development workflow. Utilized a Postgresql database to store data and user information securely. Used RESTful APIs for smooth communication between the front-end and back-end systems, facilitated data exchange and user interactions.
Managed email scheduling and implemented PDF/Excel exports with SQL Sequelize queries, enhanced data export capabilities. Improved the performance of PDF downloads by optimizing Sequelize queries. Maintained code standards following agile methodologies and contributed to automation testing (Jasmine) to improve coding standards and testing efficiency.
- **Frontend Developer Intern - Futuryze Digital Venture Studio Pvt Ltd - Last9**
Delivered mobile responsive web pages for Last9 project using Tailwind CSS and React-Gatsby. Enhanced website performance with LazyLoading and optimized images in webp format.
- **Full Stack MERN Developer Trainee - EdYoda Digital University (6 months)**
- Developed various projects utilizing React-redux, such as React-redux web and Clothing Web. Created dynamic web applications like Food Meal Web and Quiz App.

TECHNICAL EXPERIENCE

- [React-Redux Project](#) - State management tool Redux was used to store product data for adding and removing table data in this project. And for Icons and Modals, Material UI and Reactstrap dependencies were used.
- [Nestaway Clone](#) - Created nestaway website clone using frontend react-redux and managed the booking of the properties using redux with mobile responsive.
- [Clothing Web](#) - With the help of vanilla Js, HTML, and CSS this project was created where users can add items to the cart and get the details of the cart items and the total cost of the added products on the check-out page.
- [Food Meal Web](#) - It is a dynamic web where data is added using API and we can get data of the desired meal by searching the keyword in the input field and recipe details and video can be viewed in the Modal tab.
- [Quiz App](#) - In this quiz app, the user can take the quiz and check their score, it is a dynamic web build using JavaScript, CSS and HTML5.

CERTIFICATION & COURSES

- ReactJs certification from **EdYoda Digital University and HackerRank**.
- Basic in Python, Data Analysis & Data Visualization in Python - **Cognitive Class**.

EDUCATION

Loyola College	Chennai, India	Jun 2019 – May 2021
Master of Science - Food Chemistry and Food Processing		
PSG College	Coimbatore, India	Jun 2016 – May 2019
Bachelor's of Science - Nutrition and Food Service Management		

EXTRA-CURRICULAR ACTIVITIES

- Attended a special camp for seven days by PSG CAS - NSS.
- Won 1st Prize in Mime conducted by MMM, Chennai

HOBBIES

- Reading books, Baking, Badminton.
